

Daniel Nilsson

COO of Cryptzone Group, Daniel Nilsson has over 12 years of experience in business development, marketing and sales. He has been involved with information security and encryption solutions with Cryptzone for the last 6 years, and during that time he has started the company's operation in the North American market and successfully built the global Professional Services Department.

Nilsson has an in-depth understanding of the Information Security sector and considerable knowledge both of the technical and the sales aspects of all of the best encryption and endpoint solutions on the market today.
