

Håkan Pernsved

Håkan Pernsved is Senior Vice President Sales for AppGate Network Security, a business unit of Swedish company The Cryptzone Group, and a member of the company's executive management team.

During his career Pernsved has established considerable experience in sales & marketing across the globe, particularly in IT networks and communications. Prior to joining AppGate, he worked for several years with Cabletron in the USA, UK and Sweden progressing to the role of Sales & Partner Manager. Since joining AppGate in 2003 he has been instrumental in increasing sales of AppGate's innovative network security technology particularly in sectors such as defense, government and IT.

Pernsved has a degree in International Business & Finance from Johnson Wales University in the USA and an MBA from the University of Gävle, Sweden.
