

Cryptzone wins order from UK Government

Gothenburg, 15th of February 2008 – Cryptzone, the Nordics leading supplier of Data Leak Prevention solutions, today announced that a UK authority has chosen Cryptzone's email encryption solution to protect their sensitive information, and have thereby signed an order for Cryptzone's Simple Encryption Platform (SEP).

Rami Avidan, COO at Cryptzone says, "This order is a breakthrough for Cryptzone in the UK. This first order from a UK authority is a very important indicator of the strength of our security solution. The deal is our first together with our distributor Vigil Software Ltd", Rami Avidan continues. "That Vigil Software in such a short amount of time after the start of our partnership, has signed such an important order, enforces our belief that the market in the UK will be able to generate 5 million SEK during 2008."

Murray Pearce, Sales Director at Vigil Software Ltd says, "Cryptzone is a key player as a supplier of encryption solutions and will be one of our main suppliers with their security systems in our full Data Leak Prevention solution during 2008."
